Adding Your Cameras to Your Phone

Navigate to your Google Play Store (Android Phones)

Or to your App Store (IPhones)
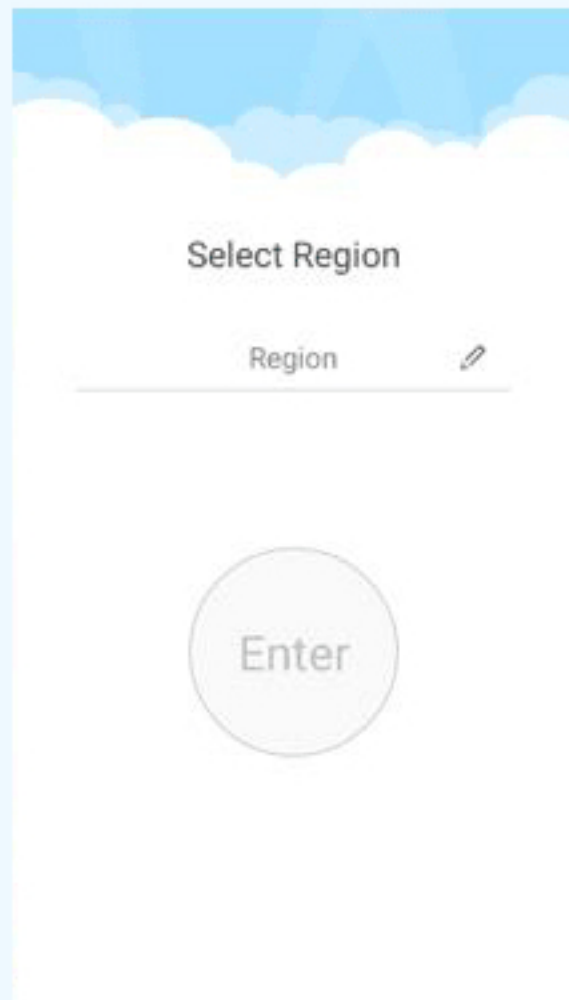

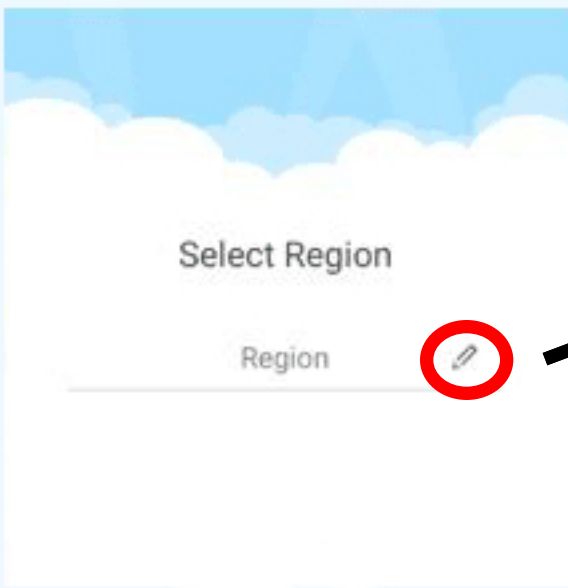

looks like this

Search for the app NVMS 7000, and install it

Once installed, open the app, you will see a screen like this:

Select Region

Region

Enter

Select Region

Region ✏️

Click the pencil

From the drop down menu select:
"America"
"USA"

Live View ▣
＋ ＋

＋ ＋

You will then see this screen -

Live View ▣

＋ ＋

＋ ＋
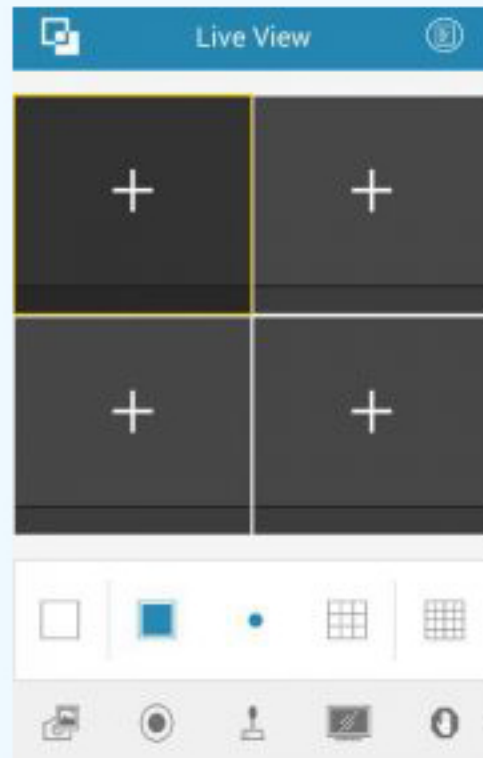

Click the overlapping squares
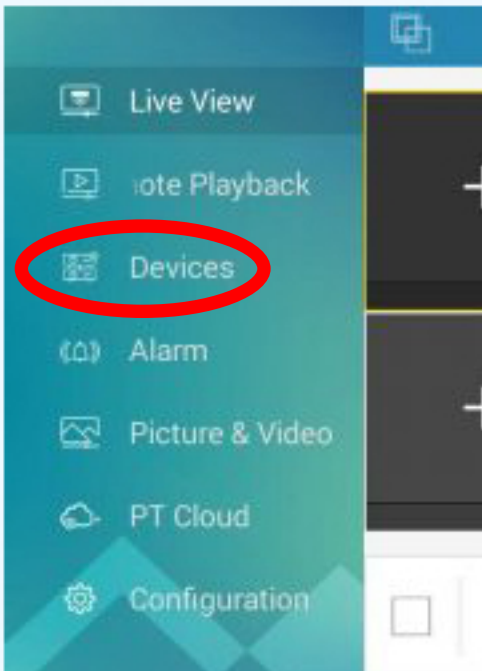

The main menu will show up on the side looking like this.

You will then need to click on "Devices"

Live View

iote Playback
